JROTC Flight Academy

Users Guide

Introduction

The JROTC Flight Academy system is a suite of components that enable JROTC cadets to apply for Flight Academy. It also has tools available for cadets that they will be able to use while they are attending the academy. This document will give cadets a brief overview of the system and its capabilities.

Applying for Flight Academy

Cadets who wish to apply for the Flight Academy will need to do so online. Your Instructors will let you know when the application cycle begins. When this process starts, you will need to fill out an application online. You will then be required to take an Aircraft Qualifying Test, administered by your instructor. You will also need permission from your parents/legal guardians, as well as a recommendation from your school principal.

In order to apply you will need to go to the Holm Center Portal at <u>https://wings.holmcenter.com</u>. On the Holm Center Portal page, there is a link to apply for the application:
