

Application for the Chief of Staff of the Air Force (CSAF) Private Pilot Scholarship (AFJROTC Flight Academy)

BACKGROUND/OVERVIEW: The Air Force is funding scholarships for AFJROTC cadets to attend private pilot training at public/private universities during the summer of 2020. The scholarship will be awarded to highly competitive cadets who are interested in aviation related fields. The scholarship will pay for transportation, room and board, academics, and flight hours required to potentially earn a Private Pilot's Certificate (PPC). This exciting opportunity will be an in-residence collegiate program, approximately 8 weeks in length.

There will be additional, specific university information and requirements after cadets are nominated, boarded, selected, and matched to attend partnering universities. Cadets will be engaged in an intensive academic, flying training program and may have classes or flying training during weekend hours. Each university hosting students is an independent organization and provides its own management and oversight for students and programs. Student's success of completion of their Private Pilot's Certificate is singularly dependent on each student's academic and flying ability and the university's determination and judgment to recommend a student.

WHO MAY APPLY: Applicants must be a high school sophomore, junior, or senior and be an AFJROTC cadet (active or reserve status) who understand they are volunteering for a scholarship to a public/private university. There is no military service commitment or obligation, nor does program completion justify acceptance to military service.

Applicants must be at least 16 years old by 1 Jul 2020, obtain a minimum score of 40 on the mass fitness assessment, and have a minimum cumulative GPA of 3.0 or better (on a 4.0 scale) to submit a package or be nominated. Cadets who successfully complete the program and receive their Private Pilot's Certificate will be required to join the Civil Air Patrol (CAP) and may continue flying a minimum of once per month and with a CAP instructor quarterly. This is dependent on funding and CAP aircraft availability but will be at no cost to the cadet.
